

KELPGROW®

- ORGANIC - OMRI™
Listed

LIQUID SEAWEED CONCENTRATE

0.1 – 0.5 – 1.0

Guaranteed minimum analysis

Total nitrogen	N	0.1%
Available phosphate	P ₂ O ₅	0.5%
Soluble potash	K ₂ O	1.0%

derived from fresh *Macrocystis Integrifolia*, a seaweed harvested in the pristine waters of British Columbia

- **Kelpgrow** is a foliar feed to aid plant growth and crop yields
- **Kelpgrow** is manufactured with a low temperature, non caustic process for minimal alteration of natural constituents
- **Kelpgrow** is supplementary to sound fertilizing practice

Net content: 10 Lt.(2.64 gal)
Net weight: 1.06 Kg./Lt. (8.8 lbs/gal.)

KELPGROW®

Compatibility

Kelppgrow is compatible with most pest protection products and fertilizers. **Kelppgrow** should be added last, with agitation, to the mix tank containing other fully diluted chemicals. Test compatibility of the intended tank mixture with a standard jar test before use.

SIZE: Passes No. 50 sieve (300 µ)

Handling and storage

Store **Kelppgrow** in its original package in a dry cool place. Keep the package closed separate from food products. Protect from direct sunlight and do not expose to high temperatures.

Keeping it dry and cool, it retains its physical, chemical and biological characteristics for at least 2 years under normal storage conditions and package.

Conditions of sale

The directions for use of **Kelppgrow** are believed to be adequate and should be followed carefully. However, due the different soil and weather conditions, it is impossible to eliminate all risks involved with the use of the product and crop injury or ineffectiveness is always possible.

There are no warranties, expressed or implied, which extend the statements made in this label. No agent or distributor is authorized to make any warranties beyond these contained herein.

Sellers obligation is limited to the replacement for the quantity of defective material only. Neither the seller nor manufacturer shall be liable for any damages directly or consequently arising from the use of

Kelppgrow.

BUYER ASSUMES ALL RESPONSIBILITY FOR USE, STORAGE, HANDLING AND DISPOSAL OF THIS PRODUCT WHEN NOT IN ACCORDANCE WITH LABEL DIRECTIONS.

Caution

Keep out of reach of children. **This product is not for human consumption.**

Avoid contact with eyes.

General use and recommendations

Kelppgrow can be applied on household plants, urban gardens, lawns or golf courses or in nurseries or greenhouses.

SHAKE WELL BEFORE USING

Directions for use

Dilute 1 liter of **Kelppgrow** in 250 liters of water. Spray mixture directly onto foliage until dripping. Spray 8 Lt. (2 US Gal.) of mixture per 100 sq. meters (1000 sq. ft.) Apply early in growth stage (2-3 weeks after germination) and repeat application every 2 weeks.
